*Unifyte developed UltraFlyte as  
The one true solution to the problem of  
premature wear. It was designed with  
thicker outer edge material and a larger  
concave carrying face that  
results in unsurpassed wear  
capabilities and serves for higher volume  
and faster conveying.*

*As we deplete stock, G&H will be replacing se-  
lected sizes with the Ultra Flyte. Some sizes are  
already in stock, check on availability with your
